Chambre(s): 4
Salle(s) de bain: 2
Douche(s):

Just reduced. Must sell quick.

Stunning 2 storey villa in the heart of the Sierra Nevada mountains complete with separate B&B accommodation consisting of 2 self contained rooms with disabled toilets and town hall licences.

The ground floor of the property has been converted in to high quality horse stables with capacity for 4 horses, and is ideally positions for people who would enjoy horse trekking in the mountains.

The main accommodation consists of 2 bedrooms, a huge lounge dining area, an American style kitchen and a large bathroom. But this property is much more than that; there is a sunny terrace which runs the full length of the property and features stunning views down the valley. There is a paddock for the horses. The property has it's own spring with flows in to a large drinking trough near the entrance to the main building.

There is an existing mortgage on this property which we understand could be passed on to the new owner.

This is a business, opportunity, a lifestyle change and a wonderful house, that has been reduced by almost 150,000 euros to encourage a quick sale.
